COOP FAR EAST Ltd.

COOP FAR EAST Limited is the buying office of Coop, the Italian market leader in retail. We create value and competitive advantage, constantly striving to source uncompromised quality. Everything we do aligns with the mission and vision of Coop Italia.

Sourcing and Product Development

With diverse experience in Asia, we have developed a wide network of some of the globe's top manufacturers. It is for this reason that we are able to develop innovative products that align with world-renowned European standards.

Quality Is Your Right, And Our Concern

Our team of skilled engineers pays unparalleled attention to detail to each product, ensuring compliance with the ongoing emergence of updated regulations. Further, our inspectors thoroughly inspect 100% of orders prior to delivery.

Supply Chain

We implement an in-depth production follow-up, tracking everything until all products arrive at the warehouse in a prompt and secure manner.

We Promote Social Responsibility

Our first and foremost priority lies in ensuring that supplier commitment adheres to social standards. Therefore, we conduct in excess of 600 annual factory audits, on a mission to align with the cooperative's principles such as transparency, legality, solidarity, respect of the human values, of the environment, safety and health
